CAPTURED – The Ultimate Journey Tribute

Tribute to Journey

About

CAPTURED is a Journey tribute based in Louisville, Kentucky, built for buyers who want the songs played live and played true to the originals.

The band is made up of seasoned veterans and performs without backing tracks. What you hear is live, period. The set leans into the elements people come to a Journey show for: power ballads, searing guitar solos, and the sound associated with Steve Perry's voice on the original records.

Audience feedback consistently points to accuracy and familiarity. One attendee called it "as close to Steve Perry as anyone could hope to get" and said the music was "just like turning on the radio and hearing the original music again." Others described the show as "awesome," said "he really sounds like Steve Perry," and summed it up with "Sounded just like the real Journey."

For venues, events, and buyers looking for a clear Journey-focused tribute from Louisville with a fully live approach, CAPTURED presents a straightforward, song-first show.
