Tribute to Metallica

DAMAGE INC

About

Damage Inc is a Metallica tribute band from Southern California with a clear focus on serving dedicated Metallica fans. In 2023, the band was chosen by Metallica to be part of the band's U.S. and Canada weekend takeover tour.

As part of the...And Tributes for All! event, Damage Inc joined Motorbreath and Sandman for a full weekend built around Metallica's music. The format was designed for fans who want more than a single tribute set, with material spanning the old and the new, from Kill 'Em All and Ride the Lightning to Master of Puppets,...And Justice for All, The Black Album, and 72 Seasons.

Each event featured a different combination of songs with no repeats, mixing well-known staples with deeper cuts. The weekend closed with a jam finale featuring all three bands together, in a format described as reminiscent of the Big 4 tour.

The event took place on every Saturday of Metallica's 2023 U.S. tour, giving buyers and fans a tribute format built specifically around Metallica's catalog and crowd recognition.
