Robot RoK

Robot RoK

About

Robot RoK is a Daft Punk tribute built around the visual details buyers expect. The act performs in extraordinary replica Daft Punk helmets created by legendary propbuilders, with the duo spinning inside a huge custom-built full production LED stage.

Robot RoK is a husband-and-wife on-stage team. Jacque handles the LED visuals and lights, while Ryan mixes the sound.

Their set is high energy, combining electro anthems, club hits, and their own remixes. For buyers, the format is clear at a glance: a Daft Punk tribute with defined visual production, an on-stage two-person setup, and a show built around music and presentation.

Short bio

Robot RoK is a Daft Punk tribute featuring a husband-and-wife on-stage team, replica helmets, a custom-built Full Production LED stage, electro anthems, club hits, and their own remixes.

Full press bio

Robot RoK is a Daft Punk tribute performed by husband-and-wife team Jacque and Ryan. They wear replica Daft Punk helmets created by propbuilders and perform inside a huge custom-built Full

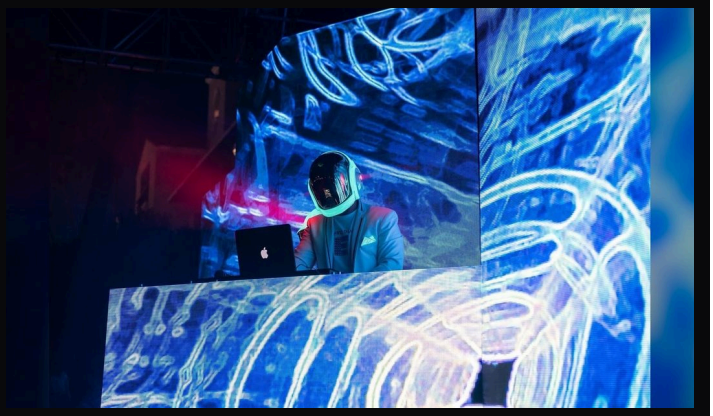

Production LED stage. Jacque runs the LED visuals and lights while Ryan mixes the sound. Their high-energy set combines electro anthems, club hits, and their own remixes.
